

# The Uninhabitable Earth

by **David Wallace-Wells**

Please read this book and then pass it on to someone who hasn't read it after writing your name (or Twitter handle or a nickname) on the cover. (Pictures of the cover might get shared on social media, so if you don't want people to see your name, use a nickname instead.)

If you don't read it, please pass it on to someone else anyway.

If you think this is important, buy another copy, write (or print) this message in it and pass that on too. If enough people do this, like a sustainable pyramid scheme, we might get a lot of people reading the book soon.

If you are on Twitter, you might like to send a picture of the cover to **@UninhabitableEP**, or follow that account.
